

Your SATISFACTION is Guaranteed

You have our **Guarantee** that our programs are right for you. When you purchase our programs, you have 90 days to put them to the test. If, for whatever reason you are not happy, and we cannot make you happy, then you are under NO OBLIGATION to continue to use our programs. Simply return the programs for a refund.

You see, we are not here to sell you something you do not need or cannot use. We prefer to spend our time and money doing what we do best — developing high quality programs for the towing industry and providing first class, 24 hour support. We have grown our business by developing a satisfied client base, not by hiring a high-power sales force and running fancy color ads in magazines. Our customers are our best salespersons!

We talk to towing companies every day that tell us that they are not satisfied with the program they purchased. But they paid for it, and now they are stuck with it. No other software company is willing to refund. What better way can we prove to you that **DATOW Software** is the right choice for you to make, than to offer to give you back your money if you are not happy?

DATOW Software will refund your purchase price if, within 90 days of the purchase, you return the Software and Manuals. All we ask is that you contact us first so that we know why you are dissatisfied. A small re-stocking fee may apply. Shipping, rental startup and monthly rental fees are not refundable.

WHAT IF ...

You didn't have to write call information in 3 or 4 places?

You could see all the calls you are working or are holding, without having to rely on little slips of paper?

You could find all the information about a stored or released vehicle in a second or two, even with only a partial plate?

You could see up-to-the-minute customer account information quickly and easily?

You could create billing statements for any or all your customers in just a few minutes instead of hours or days?

You could send call information to a driver with just the push of a button, for just a few cents?

You could see all the calls you did last week or last month (or whenever), and automatically calculate driver or salesperson commissions?

What if you could create all the Police, Government and Insurance reports you need in just a minute?

What if you could ask for help whenever you needed it, and it was just the help you needed?

What if you didn't need to be a computer expert to be able to do all these things?

We CAN !!!

Our motto is "Once is Enough!" Let the computer do the work.

Our Active Calls Screen shows your calls, color-coded by status. ETA warnings, too.

One keystroke takes you from dispatching to searching ... by plate, VIN, color, and more.

Our Customer Query feature does this, even for paid items.

Our Statement Generator can be used whenever you need a statement, with lots of options.

Our Alpha-Numeric paging is a low cost, very effective, easy to use dispatching tool.

Our reporting capability is beyond compare. And our export feature allows you to customize any report.

Our 17 years of experience, and our users, have taught us how to make compliance easy.

Our Built-In Help, well written Manuals and 24 Hour Support Lines are ready to serve you.

Don't worry! Our job is to make sure you can.

DATOW Software can do all these things for you, and a whole lot more. We **GUARANTEE** that you will save time, save money, reduce stress and present a more professional image to your customers. But you must take the next step. Call today, toll-free — 1-800-866-8086. You will find yourself saying what all our new customers say:

"I should have done this years ago!"
